German Newall, MD, FACS, FICS

“Plastic surgery is not only a skill but an art!”

Voted among the “Best Doctors in America” for Plastic Surgery, 2003 and 2004, Dr. German Newall is recognized as one of Houston’s leading plastic surgeons. He is board certified by the prestigious American Society of Plastic Surgeons (ASPS). Because of its high standards, ASPS is one of the most rigorous of boards to be accepted as a surgeon.

In addition to his prestigious inclusion in the most recognized boards in the United States and the world, Dr. Newall maintains staff privileges at Houston’s most renowned hospitals. Dr. Newall’s contributions to the aesthetic field has been extensive, especially in the areas of facial rejuvenation, breast and body contouring. As a respected authority on liposuction, Dr. Newall has advanced important research into the development of safer, more effective techniques for liposuction.

Chosen as a “Super Doc” by H[®] Magazine for Plastic Surgery in 2003 and picked as “Top Doctor” in Plastic Surgery the same year in Inside Houston Magazine, Dr. Newall has refined his technique in liposculpture, abdominal etching, and high volume liposuction by utilizing smaller mini canulas to address specific problem areas and sculpt them in a more proportional and aesthetic way. As a result of his refined technique, patients will usually experience a better result and a faster recovery.

In the areas of facial rejuvenation his innovations in face lifting, eyelift, and brow sculpting have allowed a much faster healing with minimal recovery time. Because of his recent innovative techniques, he has been asked to present his results nationally and internationally using his skill and experience to educate other surgeons interested in perfecting his technique.
