Henry Mentz, MD  
The Aesthetic Center for Plastic Surgery  
6624 Fannin Street, Suite 2390  
Houston, TX 77030

Dear Dr. Mentz:

We are pleased to inform you that you have been selected by your peers to be included in *Best Doctors in America*® 2003-2004.

The Best Doctors in America database contains the names and professional profiles of approximately 31,000 doctors in the United States, all chosen through an exhaustive peer-review survey in which thousands of doctors participated. Only those physicians who earn the consensus support of their peers are included. Listings cannot be bought. For this reason, inclusion in *Best Doctors* is considered a singular honor.

Since 1992, Best Doctors' listings have served as a vital resource to thousands of patients throughout the United States and across the world. The Best Doctors in America database represents the top 5% of doctors in over 400 subspecialties of medicine.

The Best Doctors in America database is the preeminent listing of its kind. It has been featured on CBS "60 Minutes," NBC "The Today Show," and CNN "Headline News," as well as in major print media including *USA Today*, *The New York Times*, *The Los Angeles Times*, *The Wall Street Journal*, and in scores of major metropolitan magazines, as well as in major media outlets in Canada, Europe and Asia.

In an effort to help patients make better use of our listings, Best Doctors, Inc. provides a variety of services to connect patients to the best medical care. These include referrals to doctors highly skilled in the patients' medical conditions, and the coordination of medical second opinions. Our services touch the lives of thousands of patients each year.

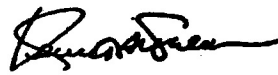

In order for us to provide patients with better guidance, we ask prominent doctors such as yourself who have been included in the database for assistance in providing us with some additional information about themselves and their practices. Please complete the enclosed form and return it to our Polling and Research Division at your earliest convenience.

Again, our congratulations.

Sincerely,

Dick D. Briggs, Jr., M.D.  
Chief Medical Officer

Kenneth Falchuk, M.D.
